In accordance with the By-laws the Match and Grading Committee shall with the consent of the Directors and Council promulgate such Competition rules as may be necessary for the conduct of the competition except that, no alteration to the rules governing the mode of play or the point scoring system can be made by the council or council executives without referral to the A.G.M or an extra-ordinary G.M. and it's subsequent approval. All Matches must be played in accordance with the official rules of tennis in conjunction with the competition rules as laid down by the ISLTA Ltd.

Play in the competition shall be on Saturday Afternoons. Entry closing dates, commencing dates and playing dates for new competitions are at the discretion of the competition secretary, with the following exceptions.

- (a) Competitions will be continuous with the next competition commencing as soon as practicable after the finish of the current competition with the December / January break being determined each year at the A.G.M.
- (b) In Saturday afternoon competitions there will be no play on public holiday long weekends except for Anzac Day, when play will be suspended only when it falls on the day i.e. when the 25th. April is a Saturday. Competition play is to be as normal when it falls on any of the other six days of the week.

2. PLAYERS

All players competing must be registered members of the ISLTA. Ltd. and must be affiliated with the organisations as specified by the ISLTA Ltd. at the time of registration.

3. ENTRY FEES

Entry fees to be as determined by the council of management.

4. ENTRIES

All Team Entries for the competition must be on the prescribed form in force at the time of acceptance. All details as required on the form must be filled in correctly. Players are permitted to register with only one team.

5. NUMBER OF PLAYERS IN A TEAM

A team shall not at any time have more than eight players registered unless the additional players are registered under the one day registration rule No.8

6. LATE REGISTRATIONS

Applications for late registrations received after the competition has been graded shall be dealt with by the Match and Grading Committee. Applications for late registrations must be in the hands of the Competition Secretary before the commencement of the match. The Competition Secretary is empowered to grant permission for late registrations over the telephone subject to the decision of the Match and Grading Committee. All applications must be submitted in writing on the prescribed form in force at the time with all details filled in correctly and accompanied by the correct fee as required. All players must be affiliated with the organisations as specified by the association at the time of registration. For applications accepted over the telephone the correct form and fees must be in the hands of the Competition Secretary no later than 48 hrs. after the match is played. When making application for late registration of a player, team secretaries must ascertain and declare strength of such player which must not strengthen the team as determined by the Match and Grading committee. If the information be later considered incorrect, the committee may withdraw the registration of such player and award to the opponents any sets in which such player took part. If the information given is proved to be deliberately false then further penalties may be imposed against the team and / or team secretary and / or the player concerned at the discretion of the Match and Grading Committee.

7. ONE DAY TRANSFERS

One-day transfers from the same or a lower grade are permitted within the same competition. Permission must be obtained from the Competition Secretary before the commencement of the match. Full details **MUST** be submitted in writing on the back of the result card. Teams violating this rule will incur the same penalties as if playing an unregistered player. ***Players transferring to another team under this rule may play any number of matches and may subsequently return to their own team provided they do not play more than two (2) matches for any one team, under this rule, during the current competition.*** Players violating this rule will be automatically deregistered. Matches played under the one-day transfer rule do not count towards making a player eligible for semi-finals or finals in the ***team to which they transferred.***

8. ONE MATCH REGISTRATIONS

A player may be registered for one match only without deregistering any other member of the team. All applications for one-match registrations shall be dealt with by the Match and Grading Committee. Permission for one match registrations must be obtained from the Competition Secretary before the commencement of the match. The Competition Secretary is empowered to grant permission for the one match registration over the telephone subject to the decision of the Match and Grading Committee. Full details must then be submitted in writing on the back of the result card. All players must be affiliated with the organisations as specified by the association at the time of registration. When making application for the one match registration of a player, team secretaries must ascertain and declare strength of such player, which must not strengthen the team as determined by the Match and Grading committee. If the information be later considered incorrect, the committee may withdraw the registration of such player and award to the opponents any sets in which such player took part. If the information given is proved to be deliberately false then further penalties may be imposed against the team and / or team secretary and / or the player concerned at the discretion of the Match and Grading Committee. If a player plays more than two (2) matches with the same team under this rule then the registration becomes a permanent registration and if the team then has more than eight (8) players registered then another member of the team must be deregistered. If a one match registration player subsequently becomes a permanent registration of that team, this one match played as a one (1) match registration will count towards eligibility for semi finals, finals or trophies.

9. COURT HIRE

Teams are to be responsible for maintaining the hire of their court until such time as the whole competition has been finalised. In no circumstances can the location of the home court be changed without prior approval of the match and grading committee.

10. GRADING OF TEAMS

The competition shall be played in grades determined by the Match and Grading Committee, which reserves the right to finally decide in which grade or division any team or individual player shall compete.

11. MODE OF PLAY

A team shall consist of two gents and two ladies. A match shall consist of two ladies, two gents and four mixed twelve (12) point tie-break sets to be played in the following order; one (1) set ladies doubles, one (1) set gents doubles, one (1) set ladies doubles, one (1) set gents doubles and four (4) sets mixed doubles with each pair meeting the opposing pair once. The visiting team has the option of doubling up in the seventh set. This must be nominated before the pairs take to the court for the fifth set otherwise the home team shall automatically play the double up. The home team must nominate its pair for the first mixed set. This choice shall be nominated at the time the set is to be played. The order shall be decision of double up followed by nomination of pair for the first mixed set.

12. DECIDING THE WINNER OF A MATCH

Matches are to be decided by sets, but in the event of sets being equal, by games. Each match will be allotted twelve (12) points. Four (4) to the winning team or two (2) points each for a drawn or unfinished match. In addition, One (1) point is allotted to the winner of each completed set. Half a point is allotted to each team for any sets unfinished or not played.

13. COMMENCEMENT OF PLAY

The starting time for all matches will be 1.00pm.

If a team does not have a pair on the court at the time when play should commence, the other team shall be awarded the first set 6-0, thirty (30) minutes after the starting time the second set shall be awarded 6-0. If the team is unable to proceed one (1) hour after the starting time the match shall be forfeited.

If a player(s) fails to turn up, or is injured during play and no substitute is available, as many sets as possible should be played and only those sets that the missing or injured player(s) would have been involved in should be forfeited.

14. CONTINUITY OF PLAY

Play shall be continuous throughout the match and no interval is permissible, except in the case of inclement weather. Not more than 3 minutes, including a hit-up (there will be no hit-ups after the second set) shall elapse between the conclusion of any set and the commencement of the next set. Teams will be allowed to claim a forfeit if the opposing players are not ready to commence play within 3 minutes of the completion of the previous set.

15. TERMINATION OF PLAY

Play shall cease at the time shown in the fixture book under the heading "FINISHING TIMES", unless both Captains agree to cease play early due to failing light or inclement weather. If for any reason the match is unfinished, the reason must be stated on the result card.

16. WET MATCHES

The court owner (or the caretaker) is the authority for determining whether or not a court is playable when inclement weather has created a doubt in this regard, but in any case, players cannot be compelled to play in rain.

It is the responsibility of each team to have its players at the court if it is playable. When a firm decision can be obtained within one hour of starting time, from the court owner (or the caretaker) by telephone or other means, this may relieve the teams from actual attendance at the court, but in cases of doubt, actual attendance is necessary.

During a competition round where 50% or more of the matches have not reached a result due to wet weather, then these unplayed or unfinished matches may be set down for play at the completion of the scheduled rounds. This will apply for all matches defined as wet under this rule. When play is abandoned for the day or when time is lost due to rain, please indicate on the card as follows: "Play ceased at.....PM due to rain" or ".....hrsmins of time lost due to rain and/or wet court". Cards received without this notation will not be regarded as wet and, therefore, recorded accordingly.

All unfinished wet matches must recommence at the exact point that wet weather stopped play. In the event that a match is unfinished due to wet weather and the round is not declared a wet round then the match will be declared a draw and points will be allotted as per rule 12. In the continuation of any unfinished wet match a substitute will be allowed for any player who started the match and is unavailable on the date of continuation. Such substitute must be an original registered member of team or a late registration who has played at least two (2) previous matches for that team in the current competition. Permission is not required prior to the match being played, however the opposing team must be informed before commencement of play and the substitution noted on the back of the result card.

This match does not count as a qualifying match for the substitute player.

16A HEAT RULE

1. If at starting time, the temperature, when measured with a shaded thermometer placed over the centre of the net, is above 35 degrees Celsius, play is to be delayed. Should the temperature drop play is to commence.
2. If after 1 hour the temperature is still above 35 degrees Celsius, play is to be abandoned for the day.
3. In the case of a match having commenced and the temperature rises above 35 degrees Celsius, play is to stop and is to be suspended for up to 1 hour. Again if the temperature, after 1 hour, is still over 35 degrees Celsius play is to be abandoned for the day.

This match will not be replayed, points to be shared with points to stand for sets already played before play ceased.

Both teams must attend the court to formally agree and must submit a result sheet showing reason for match being incomplete with both team captains' signatures.

Failure to comply with this rule will result in no replay or points being allocated to either team.

17. POSTPONED MATCHES

At the discretion of the Competition Secretary postponed matches will only be allowed under the following circumstances

In the case of a forfeit or an unplayed wet or postponed match a team may forward a result card to the Competition Secretary as a declaration of such players who would have played in the match and will be counted as a qualifying match.

23. SUBSTITUTION OF PLAYERS

In the event of a player becoming incapacitated through an injury incurred during the match being played, a substitute who must not have taken part in the match previously, and who is a registered member of the team, will be allowed to continue the match. In the event of a forfeit the team receiving the forfeit is responsible for forwarding the result and result card to the Competition Secretary. Points will not be allocated to the winning team until the result card is in the hands of the Competition Secretary.
